THE COMPANY

Precision Tailoring, Global Reach

Crestline Suiting is a premium manufacturer and exporter of men's suits and formal wear, based in Sialkot, Pakistan. We produce everything from single custom commissions to full bulk and private label runs for wholesalers, retailers, boutiques, wedding stores, and fashion brands across international markets.

Every piece is cut and finished by hand in our own facility – nothing is outsourced. Sialkot has manufactured for the world for over a century; we bring that same discipline and export expertise to menswear, built to international sizing standards and priced to make sense for buyers abroad.

WHAT WE MAKE

The Collections

◇ 2-Piece Suits

Jacket and trouser in a single cloth — the everyday standard for business and formal wear.

◇ 3-Piece Suits

Jacket, trouser and matching waistcoat cut from the same bolt, for a classic layered silhouette.

◇ Single Breasted

A two-button jacket with notch lapel — the most versatile formal silhouette we produce.

◇ Double Breasted

A structured, commanding cut with peak lapel — built for boardroom presence.

◇ Tuxedos

Satin-faced peak lapel or shawl collar, in wool-mohair — built for galas and formal evenings.

◇ Business Suits

Everyday formal wear in wool-blend and pinstripe/check cloths, built for daily wear.

◇ Embroidered Suits

Hand embroidery along collar, cuffs and placket — for wedding and occasion orders.

◇ Stone Work Suits

Hand-set stonework on a structured formal base — a full statement groom-wear piece.

Also available: Slim / Regular / Classic fit, and fully customized builds across any style above.

WHAT WE USE

The Fabric Guide

Super 120s / 130s Wool

Fine, smooth weave with a soft handfeel – our first choice for business suits.

Wool-Blend Suiting

Durable and consistent, built for everyday formal wear and bulk production runs.

Cotton-Wool Blend

Breathable and structured – a lighter-weight option for warmer climates.

Linen-Cotton Blend

Lightweight and relaxed, suited to warm-climate markets and casual formal wear.

Wool-Mohair Blend

A subtle sheen that catches evening light – the standard for tuxedos.

Jacquard Suiting

Woven texture that gives embroidery and stonework something to anchor to.

BUILT AROUND YOU

Customization & Private Label

Every order can be built to your specification — from a single custom piece to a full private label collection carrying your own brand.

- ◇ Choice of fabric, color, embroidery pattern and finishing
- ◇ Custom measurements — chest, waist, shoulder, sleeve length
- ◇ Private label manufacturing under your own brand
- ◇ OEM & ODM services for retailers and fashion brands
- ◇ Custom branding — labels, tags, and packaging
- ◇ Embroidery and hand-set stonework detailing
- ◇ Bulk orders with volume-based pricing
- ◇ Worldwide export with flexible Incoterms

How to Measure

- Chest:

Around the fullest part of the chest, level, under the arms.
- Waist:

Around the natural waistline, where trousers are worn.
- Shoulder:

Straight across the back, seam to seam.
- Sleeve:

Shoulder seam to wrist bone, arm slightly bent.

FROM INQUIRY TO DELIVERY

How Ordering Works

01 Design & Request a Quote

Choose your style, fabric, color and sizing – standard or custom measurements – and tell us your quantity. Reach us on WhatsApp or through the site.

02 Sample Approval

For bulk orders, we can produce a sample first for your approval. Typically 5–10 business days to make, plus 3–7 business days to ship via express courier.

03 Confirm & Pay a Deposit

We confirm every detail directly with you, then request a deposit before cutting begins. Terms are agreed based on order size – balance is due before shipment.

04 Production

Your order is cut and hand-finished in our Sialkot facility. Lead time depends on quantity, design complexity, and customization.

05 Shipping & Export

We arrange shipping through trusted couriers and freight partners, or ship via your own forwarder – using EXW, FOB, CIF, or DDP terms, whichever suits your business.

Shipping & Export Terms

Where We Ship

Directly from Sialkot, Pakistan, to clients worldwide — North America, Europe, the Middle East, Asia, Australia, and beyond.

Who Arranges Freight

We can arrange international shipping through trusted courier and freight partners, or ship using your own freight forwarder if you already have one.

Incoterms

We work with common Incoterms — EXW, FOB, CIF, and DDP — based on what suits your business.

Payment

A deposit is required to begin production on custom or bulk orders, with the balance due before shipment. Terms are confirmed directly with you based on order size.

Minimum Order Quantity

Lower MOQs may be available for trial orders depending on the product and customization requirements — share your requirements and we'll do our best to accommodate.
